

SITHAVAN S

Java Developer • Software Development

Chennai, Tamil Nadu | +91 8838547460 | sithavan2311@gmail.com | linkedin.com/in/sithavan16

PROFESSIONAL SUMMARY

Java Software Developer with 8 months of hands-on experience building and maintaining full-stack healthcare applications. Proficient in Java, Spring Boot, RESTful APIs, JWT authentication, and frontend development with React/Next.js. Strong foundation in database design (PostgreSQL, MySQL), Git version control, and object-oriented programming. Seeking a Java Developer role to contribute to scalable, production-grade systems.

CORE COMPETENCIES

Programming Languages: Java, Python, JavaScript, SQL, HTML, CSS

Backend & Frameworks: Spring Boot, RESTful API Design, JWT Authentication, FHIR Integration, Microservices Fundamentals

Frontend: React, Next.js (TypeScript)

Databases & Tools: PostgreSQL, MySQL, Git, API Testing, Object-Oriented Programming

PROFESSIONAL EXPERIENCE

Java Developer | Qiaben Health Care Solutions Nov 2025 – Jun 2026 | Remote

- Developed backend services in Java (Spring Boot) and frontend components in Next.js/TypeScript/React for a full-stack Electronic Health Record (EHR) system.
- Implemented core clinical workflows including encounters, assessments, medical history, physical exams, and provider sign-off, plus billing modules (invoices, claims, payments).
- Designed secure authentication using JWT and integrated FHIR-based external storage adapters for third-party healthcare system interoperability.
- Improved system reliability by implementing safe API response parsing, e-signature workflows, PDF export, and AI voice assistant support for documentation.
- Built reusable client-side components to speed up feature development and maintain UI consistency.

IoT Technologies Intern | Barola Technologies Jun 2023 | Remote

- Completed hands-on training in IoT fundamentals, sensors, microcontrollers, and embedded systems.
- Built and tested basic IoT modules to collect and monitor real-time sensor data.

PROJECTS

Campus Recruitment System | Java Web Application

- Developed a web-based campus recruitment platform to manage student registrations and job postings.

Genetic Disorder Prediction Model | Java | Web & Desktop Application

- Developed web-based and desktop applications in Java for predicting genetic disorders from patient clinical data using machine learning algorithms.

EDUCATION

B.Tech, Information Technology | Adhiyaman College of Engineering (2021 – 2025)

12th Standard (State Board) | St. Vincent Pallotti Matric Higher Sec School (2020 – 2021)

10th Standard (State Board) | DJM Matric Higher Secondary School (2018 – 2019)
